

Your prayers worked!

Despite the Nor'easter that rolled through Rhode Island Saturday night while we were sleeping, 136 people showed up for SouthPointe's first ever Sunday gathering! It was a truly awesome, God-filled morning. Our launch team did an incredible job serving and making people feel right at home. Some great connections were made and the excitement in the air was contagious. Best of all, we got to share the hope of Jesus.

We want to thank you so much for praying for the launch of SouthPointe Christian Church. Recently, I had people from 13 different states text, email or call me to tell me that SouthPointe was in their prayers. All that praying worked. On Saturday night, New England had its worst October snowstorm in history. That storm definitely made us pray harder and realize more than ever that it is Jesus who will build His church. After the morning service, dozens of the first time guests came to a free lunch that we had in our office complex. It definitely exceeded our expectations and caused us to look forward to week two even more!

- Please pray that many will come back for the second week.
- Please pray for more people to come who might have been deterred by the snow.
- Please pray for our Thanksgiving outreach/generosity event.

Thank you for helping us reach this milestone in God's plan for Rhode Island!
